### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel non-elected claims 1-8.

### **Reasons for allowance**

2. The following is an examiner's statement of reasons for allowance: the amended claims 9 and 11 recite a plurality of drivers formed on the semiconductor substrate and placement of the drivers contribute to the access time associated with the layer of memory cells closest to the semiconductor substrate being the fastest access time. The PRIOR ART fails to disclose or suggest the placement of the drivers for contributing to the access time associated with the layer of memory cells, therefore, the independent claims 9, 11 and their dependent claims 10, 12-17 are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vu A. Le whose telephone number is (571) 272-1871. The examiner can normally be reached on M-F (7:00-3:30).
